<p>SEVERE VERY HIGH HIGH LOW-MODERATE</p>	<p>OPEN</p>

You are requested to reply to any bushfire warning SMS from the school within 10 minutes to acknowledge that you have received it. If you do not reply, the school will attempt to contact you again. It is your responsibility to ensure that the school has your updated mobile contact details.

If there is a fire in the immediate vicinity of the school or a fire threatens the school; all students will move to the office area which is a designated "Bushfire Refuge." No student will be released until advised it is safe to do so by the police and CFS. Do not rush into school to collect your child if fire threatens - you may put yourself and your child in danger. You will be contacted by SMS when it is safe to pick up your child.

Help us to protect your children during emergencies by updating your emergency contact details and replying promptly to bushfire warning messages.

Turn over for Emergency Contacts Details.
